

The Richardson Guitar Studio is located off McIntire Road, between the Route 250 Bypass and Charlottesville's downtown mall.

From McIntire Road, turn onto Harris Street at the traffic light in front of C'ville Coffee. You can make an immediate right onto Allied Street, or take the next right into the parking lot behind Circa.

To enter the studio from Allied Street, walk up the sidewalk from Circa and go through the door between Possessions Recycled and Blue Ridge Beads & Glass. At the top of the stairs, go through the door on the right. Our door is the first one on the right, 1724 #2B.

To enter the studio from the back parking lot, look for the RGS guitar logo at the top of the staircase farthest from Harris Street.

Our **band room** is located across the back parking lot from the main studio. It's the first door on the left as you enter the parking lot from Harris Street. The address is 1229-1 Harris.
